The following list of recovery literature is compiled from requests and submissions to the World Service Literature Committee. As required by the Guide to World Services, this list is to be compiled and summarized biennially for presentation to the WSC for consideration and prioritization. We ask that attendees of the 2025 World Service Conference gather information from their regions and number each item on this list from 1 to 21 (1 being highest priority) by placing a number in the box next to the title. These forms will be collected and tallied at the Conference. The results will guide the World Service Literature Committee's efforts for the next 2-year conference cycle beginning on April 29, 2025. The approval process for recovery literature can be found in the Guide to World Services).

The World Service Literature Committee depends upon writings from members. All submissions MUST be accompanied by a signed Nar-**Anon Family Groups' Copyright Release Form. Writings submitted without a** Copyright Release will be deleted and will not be considered for use.
